Our Constitution Rocks

Synopsis

Imagine a world without Twitter, Facebook, iTunes, or television! Little did the Framers of the United States Constitution know that their work would change the course of history, but that's exactly what it did. The Constitution has been called miraculous, revolutionary, unprecedented, all that and more! With it, our Founding Fathers created a free nation, a country governed by the people in a way never seen before. Youth Advocate for Constituting America, Juliette Turner takes a unique look at our founding document and makes it relevant to kids today. Our Constitution Rocks is for a new generation, a reminder of what it means to have a voice and live free. So come along and discover America's Constitution. Learn how those guys in wigs came up with some of the best ideas ever. It still matters to kids today. Find out why.

Age Range: 8 and up

Grade Level: 3 - 7

Customer Reviews

Gr 7-10-Turner's peppy writing style will keep teens hooked long enough to understand-and possibly even enjoy learning about-the U.S. Constitution. Each article is broken down into sections, then translated into lay terms and given historical context and significance. All of them are accompanied by primary-source quotes (and Turner's interpretation of their meanings), fun facts, comparisons with the Articles of Confederation and British laws, and, most importantly, reasons that teens should care about and become engaged in the Constitutional process. Unfortunately, gross

inaccuracies are evident on numerous occasions. Most striking is the insistence that the Constitution-and the entire system of government-was founded on Christian principles. Mentions of Christianity are also incongruously located in the section about weights and measures, the Emoluments Clause, and the establishment of the Treasury. There is also a distinct negativity to mentions of President Obama's track record, including his time living overseas, the 2011 NATO airstrike on Libya, and his refusal to back the Defense of Marriage Act (although his social-media presence does get a positive nod). While Turner is entitled to her political opinion, modern partisanship in either direction does not belong in a children's book about the foundation of the country.-Rebecca Dash Donsky, New York Public Library (c) Copyright 2011. Eighteen-year-old Juliette Turner, author of *Our Presidents Rock!* (2014) and *That's Not Hay in My Hair* (2016), is a college freshman and the National Youth Director of Constituting America. When she isn't writing or on the speaking circuit, she can be found with her mother, actress Janine Turner, on their ranch caring for their four dogs, two cats, herd of longhorns, and four Angus cattle. Â

I ordered this for my sister and she is enjoying it.

Was going to give as a gift to a youth but had to keep the book. I loved the way it made the Constitution easy for adult and teens as well.

Perfectly awesome.

Great for kids and teens.

ONE OF THE BEST BOOKS EVER FOR LEARNING ABOUT THE CONSTITUTION. I BOUGHT TWO (2) ONE FOR ME AND ONE FOR A STUDENT.

I liked it, I think it will make teaching the constitution easier, that is if there is on left to teach about.

Very nice and understandable.

Our granddaughter loved it. Good history lesson, easy to read and by a teen. What could be better in teaching your teen history?
