Customer Reviews

This is a very useful little phrasebook and dictionary, and I agree with others who said it is the best one available. For a book its size, it is chock-full of information. The inside of the front cover contains translations of survival phrases and numbers. The text of the book contains a brief introduction on pronunciation and how to build phrases, and then throughout most of the rest of the book, it provides phonemic respellings (for ease of pronunciation) of commonly used words and phrases, which are divided into sections by topic. The book then ends with short English-to-Tagalog and Tagalog-to-English dictionaries as well as an index.

The selection on Filipino phrasebooks and dictionaries is very skim. This one is about the best that we found. I use it often and the format is easy to follow.

This is a great little book for vocabulary between English and Tagalog, and Tagalog to English. It also has phrases so you get a little of both to work with. At my age I wish my memory was a little better and my tongue a little faster. Great little book which I sort of call a dictionary. This goes well with most any of the Tagalog books. Ano ang pangalan ko? Roger ang pangalan ko! Paalam!

This is a good publication, but as a completer beginner with Tagalog, I could use a few more

examples on pronunciation. Overall, it's a good tool for learning and gives you a lot of historical and cultural information too. I will definitely pack this in my bag when traveling to the Philippines this spring.

Hey, I didn't see the other books in the set. It fits in my lunchbox and has an easy, very functional layout.....Now I'll have to order the rest.

Nice convenient size for traveling. Not only has translations from english to tagalog but reverses tagalog into english. Easy color coded pages to find everyday phrases such as asking for a ride or prices on a meal.

Excellent tool to grasping the basics of the Tagalog language.

Good beginner book. Easy to use/ reference.
