Customer Reviews

It's not everyday that I come across a Burmese/English dictionary, so when I found this one, I had to have it. It does its job for the most part, but I think that some of the spellings for the pronunciations could be improved.

Tiny tiny print. Without audio recordings you will never figure out how to pronounce a single word.

Great for our recent trip

Perfect size for traveling!

Very helpful, the small size is great! Hopefully it will come in handy!
