Stan & Jan Berenstain began writing and illustrating books for children in the early 1960s, when their two sons Michael and Leo were young readers themselves. They lived on a hillside in Bucks County, Pennsylvania, a place that still looks a lot like Bear County, where they could see deer, wild turkeys, rabbits, squirrels, and woodchucks through their studio window almost every dayâ ”but no bears. The Bears lived inside their hearts and minds.The Berenstains' sons are all grown up now. Michael worked as an illustrator with his mother, Jan, to create new Berenstain Bears books.
Â There are Berenstain grandchildren who can even draw pretty good bears. With more than three

hundred books in print, along with videos, television shows, and even Berenstain Bears exhibits at major museums, it’s hard to tell where the Bears end and the Berenstains begin!

Can’t do better than the Berenstain Bears for little tykes. We read them to our kids, and now our grandkids.

Was a gift and I am so delighted with this. It is just what the children love.

We bought this book when it was on sale. My son likes the Berenstain series. This is good addition to the collection.

I’m assuming the original authors, Stan and Jan Berenstein, are still writing these later books, but the writing style is slightly different. Great series though.

Wonderful selection of Berenstain Bear stories-----my grandkids love these stories

I would recommend this. It has 6 stories in one book. Which is convenient for me and my son during story time.

My son really enjoyed these stories.

Really great compilation of books. None of them are really cannon with the Berenstain Bear family series and contain what I consider prototypes of the characters. They are still great reads and really do make good beginner reader books. The first three stories follow a similar format of lessons/discussion between Papa and Small Bear and are pretty amusing in how all of Papa’s attempts at teaching his son tend to backfire on him, they still get the message through. The next two stories use simpler sentences/phrases and are really the best to start with for a beginner reader, especially Bears in the Night. All the books make great use of rhythm and/or rhyme that makes reading fun and easier to remember. I grew up on the Berenstain Bear family, so this was a must-have item for our bookshelf.
