Mark Connelly teaches at Milwaukee Area Technical College. He is the author of several books including THE SUNDANCE READER, THE SUNDANCE WRITER, and the developmental series GET WRITING.

I got this book because it was a requirement for my college class and I was hesitant to buy it but I'm so glad I did. This is a great book and even though this is my first English class, I've learned so much from this book that it has given me the confidence to write any type of paper. I recommend this product to anyone.

It was nice for the price, a lil wear but I didn't mind. Decent purchase.

It came as expected, like the day AFTER i ordered it, needed it for my college class...perfection condition btw...

The book itself is in good condition. There are no markings, bent pages or anything like that. The price of the book was wonderful. My only problem was that when I looked for the book online, the Edition of the book was not given. I chose the book by the picture on the cover of the book. I needed the 3rd edition and what I got was the 4th edition. The articles are all there that I needed for class just they did not line up with the directions given by my English instructor.

I received the book fast and it was in excellent condition, no markings. I would order from this person.
