Black Widow Red Vengeance (A Black Widow Novel) (A Marvel YA Novel)

Synopsis

BLACK WIDOW: RED VENGEANCE is the action-packed sequel to the instant New York Times best-seller, BLACK WIDOW: FOREVER RED, penned by #1 New York Times best-selling author Margaret Stohl. This time, Stohl takes readers inside the minds of Marvel's most cunning and dangerous spies—Black Widow and Red Widow—delving deeper into their powers and will reveal more than ever before about the infamous assassin and her fledgling hero-in-training.

Age Range: 12 - 17 years

Grade Level: 7 - 12

Customer Reviews

Gr 8 Up "Natasha Romanoff and Ava Orlova (aka Black Widow and Red Widow, respectively) may have defeated Ivan Somodorov in Black Widow: Forever Red, but Russia's Red Room is still thriving, threatening the Widows and the world. Natasha and Ava, who is now enrolled in S.H.I.E.L.D.'s training program, are grieving the death of Alex, Natasha's long-lost brother and Ava's boyfriend. When S.H.I.E.L.D.'s network is hacked and a new villain appears with a dangerous mind-control drug, the teens must once again save the world from the Red Room. This volume builds on the complex relationship between Natasha and Ava, who are not only connected by their love for Alex and their Red Room past but also by their quantum entanglement link. Despite their similarities, Ava, who has the ability to express emotion, contrasts with Natasha, who has been

taughtâ "and forcedâ "to keep her emotions in check. Alex's presence in Ava's mind grows as the story progresses, though readers will hope that the reason for this plot point will be explained in the next series entry. Tony Stark continues to provide invaluable help to the Widows and is joined by Carol Danvers (aka Captain Marvel), who will be starring in her own upcoming young adult novel. Action-packed, with international travel, political intrigue, and strong female protagonists, this title will not disappoint fans and will leave readers eager for the next installment. VERDICT Purchase where the first novel and superhero prequels are popular.â "Marissa Lieberman, East Orange Public Library, NJ

"Action-packed, with international travel, political intrigue, and strong female protagonists, this title will not disappoint fans and will leave readers eager for the next installment."â •School Library Journal --This text refers to the Paperback edition.

I know a lot of people don't like this series, but I enjoy it. In comparison to the first book, this one was much better. The plot was relatively simple which I liked. We got a lot more Natasha which is always nice. Plus we also got Captain Marvel! Overall, I enjoyed it and thought it was a lot of fun. I hope the series continues because the end sets up a sequel.

Really glad I was able to hunker down and finish reading this book. I was really sad that it had been left half read for so freaking long. This one was slow and a little more angsty than the last one so I kinda get why it took me so long. I wonder what Ava will end up doing on her own and how the rest of the pieces will fall. Nice to know they're bringing in some Inhumans story.

Really enjoyed learning more about Black Widow this book was a real page turner never really slow down was easy-to-read the only small complaint I have is that we kept bringing up Captain America Iron Man and Captain Marvel the only one to actually show up in the book was Captain Marvel. I expected a little more help from the other heroes. Other than that it was a great book.

First off let me start by saying I love Natasha Romanoff and I will buy anything that she's in. Okay so this book is super action packed but not so much that I can't follow the story (which was a problem I had in the first one) Ava's arc throughout the book was really interesting to see as well as Nat's. I like how it tied together their two stories and also included some of the MCU characters that I love so much. Also CAROL DANVERS aka Captain Marvel (kinda spoiler-ish I think) was in this so it

pretty much gets an A+ from me. Anyways I really hope this gets a sequel and possibly gets us a Black Widow movie.

This story picks up a year after Forever Red, if you haven't read it yet, you need to read it before this. Ava and Natasha, the red and black widow respectively, are still tied to one another. Ava is top of her class training to be a SHIELD operative, and Natasha is keeping busy doing spy stuff. Neither one is taking the loss of Alex well, but it ties them in one more way- they will have vengeance. When Natasha gets a lead about the Red Room still having operations even without their leader, the two go to the states to look around. Natasha's past is coming back to haunt her again, with a new threat that wants to crush her through Ava. Add to this, there's a new drug on the streets that could mean big problems. I loved this book, it had a lot of action (flaming Harley's and glowing swords, grenades). It was like reading the latest Super Hero movie). I loved the play between characters. Though one came on the scene that I was not expecting and still don't know what to do with (not saying who, I am trying hard to have less spoilers on my review). I will say, this made me question their mental health a bit but after their childhoods I never really imagined them to be well adjusted. Ava has grown a lot since we first met her, and Natasha is coming around- it's scary for her, caring so much about someone else. Coulson and Stark are the same- sarcastic and hilarious while managing to be instrumental to the story line. Oh, and we meet Captain Marvel (she will eventually have her own story through Marvel by another author but I can't find a timeline). I really liked her as a character. We end with certain things hanging open, easing the way for a third book (please let there be a third book!), but I haven't seen any talk about it yet. I hope there is one, though I am nowhere near done with these characters. Five stars. On the adult content scale I give it a six. There is a lot of violence and language, as well as drug use. I would still give it to a teen without issue.

Good book

Got it for a friend and she loves it

My niece loved it!
