# Black Preaching: The Recovery Of A Powerful Art

## **Synopsis**

Henry H. Mitchell has completely revised and integrated his popular books The Recovery of Preaching and Black Preaching for seminarians and pastors--both Black and White--who are seeking to add power and vision to their sermons. Mitchell persuasively demonstrates that Black culture and preaching style are vital for the empowerment of Black congregations and have much to offer the preaching method of all preachers. By focusing on the use of storytelling, imagination, and style of preaching rooted in African-American culture, Mitchell spotlights effective techniques for lively preaching.

## **Customer Reviews**

Henry Mitchell's "Black Preaching" is one of several books used in my graduate school studies and it highlights some very good topics within Black Preaching. This book is essential to keeping the traditions of Black Preaching and theology alive within the modernized church. I feel that Mitchell was very concerned about the traditions within Black churches were slowly dying and he made this

book in honor of the Black preachers and speakers of a time long gone. I am a fan of this book for the very reasons which I stated because I am firm believer that one cannot truly know what direction he is going if he does not give honor to his past.

she loves it

Dr. Mitchell is a jewel in the world of theology and this book helped me to gain more insight on preaching in the black church

This is must reading for every peacher black and white ; we use this book when i was in seminary years ago and when helping a young man interested in minisrty and peaching i brought a copy for him .
