Customer Reviews

Franko Maps Ltd. is known for producing the best travel, dive and snorkel maps, guides and fish cards for Hawaii and other locations worldwide.

Great fun, guided map with interesting facts about each location. I don't know how current it is, but has some worthy information & locations to do different things on the island.

Used the entire time I was on vacation!!

includes great information- very helpful snorkeling, and finding your way about

Love these maps! There is so much information all in one compact map. Highly recommend, this is our second map

Only thing you need to read before you go and pack in your carry-on. Thanks for making our trip a blast with insider tips.

This gives good info in a small space. Will be great to have in the pack with us when we go. Also have the Franko St Thomas map so was familiar with how they layout their maps. It has also come in handy in planning out our vacation. I am a map guy, and normally get the Trails Illustrated, but they do not have one for Kauai.

Very heavily used map during a recent trip to Kauai. Lots of details on various Kauai destinations.

Best guide book around! Very helpful maps and information!
