See Yourself in a Whole New LightWhat do you see when you look in the mirror? A rock superstar? A professional athlete? The next InStyle magazine cover girl? Well, maybe not. But guess what--no matter what you see when you look at yourself, God sees something better. That's because God doesn't look at your faults and flaws. He accepts you for who you are right now, and He sees you as the person you can become.Do you want to break free of all of the garbage and negative thoughts that cloud your mind--to see who you really are? Stomping Out the Darkness shows how to break through and see yourself through God's eyes. On these pages you'll discover that God has had a plan for your life from the beginning of time--and, even though something went wrong with that plan, God has put everything back in order through Jesus. All you have to do is believe. --This text refers to an alternate Paperback edition.
