Customer Reviews

Cute book, but I think the "3-5 years" reading age is a little too young. Some of the words are difficult. Honestly, if my 3 year-old can read this book, I will put her on a child prodigy show or something. I bought it for a friend's 5 year-old and I think that he's going to have to grow into it a little...

My grandchild enjoyed this book. It is a beginning reading book.

My Grandson has always loved these Level reading books

If you have a son who loves fire trucks then you should buy this book. There is so much for kids to look at in this book.

Our grandson loves to look at pictures.

This is a nice way to encourage beginning reading, especially if someone likes Legos! I don't think I will be buying the other more advanced readers that have a Lego theme, because they are more action packed.

We can't keep this book in the library it is always checked out. The children at our library just love to read it to each other. **WHAT TO READ NEXT? GRANDMA'S PUPPIES: THE FUN PUPPY:**

To get my son interested in reading my husband and I started by getting him books about things that he is interested in (ie. Legos, Ninja Turtles, etc.). This book is one that I chose for him and he loves it!!! He is really into Legos right now and loves reading about them. This was an excellent purchase for my household :)
