Popular Mechanics When Duct Tape Just Isn't Enough: Your Complete Pocket Repair Guide

Synopsis

This practical, fun book for easy home repairs by the experts at Popular Mechanics now flaunts a brand-new cover! In this world there are two types of people: those able to fix whatever goes bust, and those who beg the first group for help when something breaks. This guide gives anyone the basics to tackle those frustrating quandaries that crop up in the house: plumbing problems, appliance failures, computer and electronics breakdowns, pest infestations, and furniture in need of renewal. The predicaments range from the serious to the merely annoying, but every one is cause for concern. So, whether the issue is a fast repair for a running toilet or leaking pipe, or a simple, inexpensive way to stop deer from pillaging the garden, it's all in here.

Customer Reviews

Popular Mechanics inspires, instructs, and influences 9 million curious minds that read the magazine every month. The magazine features breakthroughs in the latest innovations in science and technology.

I strongly recommend for every home owner if nothing more than for reference. It could help you from being fleeced by a handyman or shady craftsman. A must have book for the DIY. Loaded with good quick fixes and tips to get you out of a bind. In some cases the repairs are good enough for long-term. I like to do a lot of the work around the house myself, this book gives me tips on tools, tips and tricks to make jobs easier or quicker to complete. Heck, now my wife likes to help and that's

a good thing.

This is the book I've been looking for! It has brief, clear explanations of all too common household problems and how to fix them. I found answers to two of mine in minutes. Excellent value.

I like the name better than what was in it.

Provides mostly common sense solutions to home fix it issues. Did find a few new temporary quick fixes until a pro could be called in.

My husband has found it interesting!

EXCELLENT

Too technical for a n normal homeowner.

Husband read cover to cover
