# Black Reconstruction In America, 1860-1880

## Synopsis

The pioneering work in the study of the role of Black Americans during Reconstruction by the most influential Black intellectual of his time. This pioneering work was the first full-length study of the role black Americans played in the crucial period after the Civil War, when the slaves had been freed and the attempt was made to reconstruct American society. Hailed at the time, Black Reconstruction in America 1860â€”1880 has justly been called a classic.

## Customer Reviews

William Edward Burghardt â€œW. E. B.â€• Du Bois was an American sociologist, historian, civil rights activist, Pan-Africanist, author, and editor. Born in Great Barrington, Massachusetts, Du Bois grew up in a relatively tolerant and integrated community.

objective history of a painful era in the USA

Du Bois is a genius

Very good look at Reconstruction from an African-American viewpoint.

Great book!

An absolute must read

Great read, quick delivery.

A big, jolly, good friend purchased my book about the Civil Rights Movement from .After too many questions, and after his mention of the "Little Rock seeeeeven", I used an invective: and, told him he and everyone needed to go back to and read, read, read. Consequently, he bought so many books I was embarrassed, and bought several books for myself. The Du Bois book is a magnificent eye-opener. It consolidated a big gape in my knowledge, and explained why "we"struggled in the 1950s and the 1960s, in Alabama and elsewhere. The speeches of Pres. A. Lincoln and the other great orators of his era put modern rhetoric to shame. All and everyone should read this book just for the great language. Eric Foner's book, FOREVER FREE, contains great pictures and drawings. Each picture can be worth thousands of words! P.S. The people at Du Bois' school, Fisk Univ., still pronounce his name "du boy."

This book is written like a text book on history. It is not for the faint of hear. I guess that would make sense. This is a serious read and makes you think. I learn a lot about reconstruction from the black prospective.
