ISBN-10: 0838876048

ISBN-13: 978-0838876046

Product Dimensions: 0.5 x 8 x 11 inches

Shipping Weight: 1 pounds (View shipping rates and policies)

Average Customer Review: 4.5 out of 5 stars 61 customer reviews

Best Sellers Rank: #5,764 in Books (See Top 100 in Books) #9 in Books > Children's Books > Education & Reference > Reading & Writing > Grammar

Customer Reviews

Wordly Wise 3000 Book 4

Pros: challenging enough for the corresponding grade level; not too many lessons; lessons are broken into five sections to fit into a school week; online games available for the vocabulary
Cons: paper in the workbook is not good quality; have to complete 4 lessons/units at a time to do online games; no answer key

I bought this for my daughter because she tested average for vocabulary on the stanford. I don't think it really helps kids who need remedial help with vocabulary. To me this is only good for prepping for standardised tests or maybe if vocab is your thing, it may help you in increasing your knowledge. This was just a pain to use for us because there is a list of words with definitions at the beginning of each lesson and you have to read through all of the words and definitions to answer the questions which come after. You could take a dictionary and basically do the same thing, but an active child is not going to want to do that. So...finding something that is more active and visually appealing will be a better fit for my kinesthetic child. I think reading aloud and reading to oneself may be the key to better vocabulary because this was just painful for both of us. Honestly, I don't think I would have enjoyed it as a child, even though I tested in the 98% for vocabulary. It feels too much like a test. Anne of Green Gables and Little Women may be the answer for us.

I have used worldly wise with my 3 children. Their private school used it and I use it now in homeschooling. Great for summer activity. Kids find it fun. Reinforces the understanding of words, their spelling, usage and makes it fun. Highly recommend!

Love the format of these books. I've used them for a few years and will continue.

It does not have answers. If you want to check answers, you have to read all and check. As a parent is a time consuming.

This is a great product and I frequently use it to educate my kids. It has an impressive amount of vocabulary that is very helpful and convenient in life.

Great product

FYI to buyers this is not the latest version.
