# Learn In Your Car: French, Level 1

Level One

## Synopsis

The Learn in Your Car language series is the first system ever designed to teach a language in your car...or anywhere...without a textbook. Simple and effective, you can learn to converse in another language while driving, walking, or doing tasks around the house. And now with Learn in Your Car from audible.com, you can turn your PC, your Rio, or any mobile device into your own personal language tutor. Each course is organized the way you learn best - by learning words and phrases - and building these into sentences and clear conversations. Arrange hotel accommodations, order in restaurants, change money, and feel more at home next time you travel! The Learn in Your Car language series is: Easy to use without a textbook Prepared by dialect-free professionals Available in levels for students of all abilities Designed to teach grammar basics through recorded examples Level 1 offers an introduction to key words, numbers, phrases, sentence structure, and basic grammar. Level 2 teaches more challenging vocabulary, additional grammar, and targeted sentences designed to generate confidence in your ability to comprehend and converse. Level 3 presents expanded vocabulary, advanced grammar, and more detailed sentences to extend your conversational skills.

Audible.com Release Date: January 3, 2012

Language: English

ASIN: B006T0GHEI

Best Sellers Rank: #56 in Books > Audible Audiobooks > Language Instruction > French

## Customer Reviews

I bought the tapes in preparation for a visit to France. Being a slow learner, it took me a few weeks to get the hang of it, but the lessons are just about the right length, and very well organized. When I arrived in the country I was surprised to find that people not only understood what I was saying, but took me for a native and responded as if I knew the language well! The most important lesson is how to tell someone to please speak slowly! I would buy the cd version, if I were to do it again, since searching for lessons and repeating them over and over on tape is not very convenient. The only

complaint I had with the content of the tapes was that there wasn't enough material on 'chit chat'. I learned how to get along in hotels, cafes, and shops--in fact I was able to obtain a discount in a store without using any english--but found it hard to carry on a simple conversation. By the way, my experience with the French people was that when I made an honest attempt at their language, they were very friendly and helpful. Overall, these tapes made my experience much more enjoyable. I highly recommend them.

My French teacher recommended these lessons as an option to help practice French outside the classroom. Since I don't have anyone to practice French with regularly, these cd's were a great option! Having it in the car is perfect as I drive almost every day, giving me a convenient way to practice. I like that it comes with a book that contains all of the lessons which are short and easy to follow. I recommend this set for those who want to learn French basics through repetition.

Description showed like brand new. Case was broken and very dirty. And it had the wrong CD in the box.

It was a mistake for me to purchase tapes in the car. I am a visual learner and needed to see the words in print. It might work for others, but not for me.

My son and I used this as introduction to French.

The Learn in Your Car CDs are a great way to pick up enough of a foreign language to enhance your vacation experience. It teaches you common phrases that you are likely to need for a short trip. I have used both the Spanish and French while driving to work, and I'm pleased with how easy it is to learn.

Six weeks prior to going to France, I ordered the CD's. Used them daily prior to the trip and found them helpful to refresh my limited French from years ago and prior trips. A glaring omission: The CD's teach you to ask for a menu in English, but give you absolutely no food items in French!!! This is a real problem, given that you gotta eat in France and not all restaurants have their menus translated into English, or if they do, there are still some French food names sprinkled throughout. This can be alarming if you do not care for tripe or some other non-translated specialties. A lesson on basic food names would be essential for this series to be really useful to a newcomer to France.

Can't really recommend it.

A friend is bringing it soon and I hope to write again on number 3. If anything like no 2 then success is assured, thanks
