Customer Reviews

Again...loved the read. I really didn't want to put this one down either. I was wondering from the first book what the deal was between the Tyler and Ethan...they way she goes back in time and shows

how they interacted with one another you thought that maybe it was a crush thing but not completely sure just because you never had Tyler and Ethan in the same room in book 1. Honestly, the way Tyler was described I would have given Ethan a run for his money knowing that Tyler hadn't been given the "bidness" good enough to pick a chick...lol. (I would have definitely taken Tyler up on his offer!!) Again, the way she depicts the relationships you could easily put yourself in either one of the characters' shoes. The development of the characters and their personalities makes it so easy to fall in love with them...and her villains are the vilest of the vile; so easy to hate!! I am definitely on pins and needles to see whose story-line is developed next; or to see if perhaps another character is introduced into the scene or if she goes completely left and does something totally different. I would definitely continue to follow this author!!!

Even better than the first book. I really enjoyed Ethan and Tyler's story. Their relationship developed at a nice pace and I enjoyed reading them fall in love. This story and the previous story were weaved together well by having little scenes with Christen. I really felt the emotion of the story and it was easy to love both Ethan and Tyler, even when they're being stupid and making mistakes. The ending was sweet and emotional, just as it should be. I'm looking forward to seeing what the next story brings.

Loved this book! It was nice seeing them work through all these problems. Nothing felt like it was rushed or anything. Get to find out what was going on with Ethan and Tyler when they disappeared in the first book. Loved reading this book.

Just like the first book, it is very easy to get strong feelings about the characters. I got attached to and loved the main characters and despised the villain(s). This book is more action packed than the first in all ways. Very sexy and can't wait for the next book!

This book is a great love story for all those readers who enjoy reading about romance. I'm looking forward to reading what's next in this series.

This story took me by surprise. I thought it would have some violence, but did not expect the twisted plots and subplots that the author wrote for us to enjoy. Ethan's ex, Sean, is a main character in the plots and Ethan's mother is too. Tyler meets Ethan in Las Vegas. He has known Ethan for several years and is the brother of Ethan's best friend, Christen. They get sexually involved, although the

two of them have secretly had the hots for each other for years. Tyler and his twin, Lucas, work for a secret government agency called the "Seekers" They are hired assassins and both are good at their jobs. Their relationship builds as the danger increases in this book. There is some serious violence, It can be read as a standalone, but reading the first book would help to get to know who the characters are in this story. A good read who likes the darker side of fiction, gay sex and Mpreg.

Loved the storyline, plot and characters. I've thoroughly enjoyed both books. My only complaint is the editing. It is atrocious! With so much good going with these stories I truly feel that proper editing would make this book even better. I don't know if the author reads these reviews but if she does I would strongly advise her to get an editor or spend more time editing the work. These stories have great bones to it and it's a shame that the editing is as shoddy as it is.

Ethan and Tyler are cute in the second book of this One-Night Stand series. Tyler and Ethan have felt an attraction for each for years but it was never the right time. On one faithful night both their wishes come true.
