Fun book. Each chapter was based on practical advice "given" by a show character to the reader. There were a good number of practical pearls of wisdom in the text. I read this book at bedtime for my three year old son and he enjoyed it. We covered only a chapter at a time as it is quite lengthy for a bedtime book. The book itself is of a sturdy, quality material. It also came colorfully illustrated with pictures from the show. I'd recommend this to Madagascar fans (especially of the Penguins). It would make a great gift.

Bought this book for my nephews, aged 8 - 12. They love the movie so I bought this as a companion piece. And they loved it. Very funny and witty. They laughed at the kiddie humor and I was laughing at the hidden adult overtones. Brian Elling must be a funny man, not just based on this book, but also by his bio. Hoping he will write one for all those Dragons in How To Train Your

Dragon as well. That is my nephews other favorite movie. Order this book TOdAY.

Very cute book bought for my son to read with his dad.

my daughter loved this book, she says it's very funny, so would recommend this book, very good buy, in my opinion.

Funny short stories narrated by various penguin characters, with humorous tips on how to deal with life's little problems! A must-read for all ages!

I got this for my husband as a Christmas gift and he has enjoyed reading it. The bits I have read have been funny yet thought provoking. A must for any fan.

This is a terrific book filled with humor and insight. Not only did my daughter love it, but I had fun reading it with her!! would highly recommend it to anyone considering this purchase.
