Customer Reviews

Prima Games, an imprint of DK and a division of Penguin Random House Inc., is the world's leading publisher of strategy content for PC and console video games. Prima Games understands what gamers both casual and hardcore want and need from strategy guides. Every guide features in-depth content, detailed screen captures, quick-reference tips, and professional strategy. Prima Games is also a leader in the digital strategy realm, offering interactive maps, streaming video, searchable online guides and apps, and a full website at primagames.com.

Helpful

Hey, I found this guide to be pretty helpful. If only Versus never quit making guides. Well this is more convenient than going to [...] while playing the game at the same time.

My son would have never been able to get through his red rescue game without this guide, it really is a necessity for the game. Nintendo makes a great pokemon game, but it is close to impossible to get through to the end of the game and get all the special pokemon and all the special hidden items without the guide book.

Awesome.

I bought this for my older son because he does not read very much. While it is not an art work of literature, it makes him read. It is a fairly good guide, and he enjoys the things he learns for his video games. Need say no more.

Very useful for the game Blue and Red rescue team. Mine wasn't in the condition that it was told to be in.

Apparently this book did not go with the DS game that it was tied to on the purchase - it was of no help and I had to order the correct one - bummer linkage

my son rec'd this for Christmas and he has read it front to back and over again! according to him, it really helps with his game, so he is very happy with it. for me, i am glad he is reading it and thought it is important to read it over and over again. i peeked at it and noticed it uses very big words: sporadically, legendary, harrowing, traverse,... to name a few. It is no great literature, but for a reluctant reader, this is as good as one! If your child "hates" reading but begs for a player's guide, get him/her one! You will be surprised how motivated the kid will be to read this.
