Customer Reviews

If this book was proofread, you should really consider getting other people. There are so many mistakes. The first meeting with Xavier in the bar, the 2 points of view differ completely. Going to

Emma's apartment, the car changes from a porsche to a mercedes from one page to the other. This is how far i got, really bad, irritating mistakes, thats not even telling about all the spelling and grammar mistakes.

At last, hard worker Jacqueline Dupont was a partner in the most powerful law firm in the nation and with the promotion she got very special benefits, Jason and Marcus, two gorgeous and hard to resist lawyers as a bonus. But, that was not all, added to the formula was Xavier, an attractive lawyer from the DA office. Defending a very difficult client was complicated but exploring the chemistry between Jacqueline and her three lawyers was easier, interesting an entertaining than she expected. The alphas knew how to share and the green-eyed monster was not present. Exciting from the beginning with good and intense characters, steamy hot scenes, detailed and stimulating descriptions and narrations with an intriguing and scorching hot plot development. Enjoyed very much the drama and the hot scenes. Voluntarily reviewed this interesting story that I received via Booksprout.

OMG! What do you get when not one, not two, but three hot alpha males comes a calling? A puddle of goo, that is what this book turned me into with the oh, so hot storyline and the oh, so hot and sexy alpha males that can come a knocking at my door anytime! Abby Angel has done it again and I am going to sit back and relax and get ready for her next HOT and SEXY read to hit the shelves!!!! voluntarily reviewed an advanced reader copy of this book. However, I loved, loved, loved this book so much that I one clicked a copy and you should too!

I received a free copy of this book via Booksprout and am voluntarily leaving a review. This book should come with warnings like DO NOT read in public. DO have toys or willing persons on hand. This book has it all mystery, murder, suspense, scandals and of course hot steamy scenes. It will have you hooked from the first chapter, who wouldn't be content with one guy when you can have 3 yes 3 sexy males. That's not to say all the hot steamy scenes feature all 3 some are just 1. Okay now to the serious stuff it has all the markings of a Naughty Angel book and truly is a book not to be missed. Would I recommend this book YES

I absolutely loved this book by Abby Angel. I was hooked from page one until the end. Jason Carvall is Jacqueline's boss. They've got the HOTS for each other, he only does one night stands. When she's promoted, throw in some sexy Marcus. But what happens when she sees HOT Xavier from

the D.A.'s office? I'm thinking, does she pick one or get all the HOT lawyers? Kind of stay on edge wondering if such a relationship can occur. Is there jealousy? You'll just have to buy the book to find out more. I highly recommend this book.

I received a free copy of this book via Booksprout and am voluntarily leaving a review. Another great book by Abby Angel it was interesting from the beginning until the end. It had twists and turns that you had to find out how this relationship was going to play out with not just one male but multiple and the heroine was strong, independent and overall amazing! The males were interesting, hot, and packing! There were plenty great steamy parts throughout and overall another spectacular story written by Abby it's always great to read what she produces and what she will write next is always a delicious!!

A story of how Jaquelin and 3 other attorneys find a way to make their relationship work. She is promoted to a partner and starts a relationship with Jason who is partner also. Things progress to a twosome with her and Marcus and Jason when she hires on Marcus to the firm. They are trying to defend their client when she runs into Xavier that she went to law school with and finds out he is on the DA's team. She then has a relationship with him. Things then progress with all of them as they work on the case. I volunteered to read this book for an advanced reader copy.

You know that when you read an Abby Angel book that you are going to get some of the hottest, steamiest scenes ever written. Boxers and Briefs is no exception. The story contains not one, not two, but three hot alpha male lawyers and one strong independent female. They are all working on a case together and the things that they do to relieve the stress of the case will pretty much knock your socks off and leave you fanning yourself for days to come. There is a lot of hot steamy scenes along with intrigue, suspense and a few twists and turns along the way. Boxers and Briefs is a full length standalone that contains no cliffhangers or cheating and ends in a HEA. I received a free copy of this book via Booksprout and am voluntarily leaving a review.
