Customer Reviews

I love the food from this cook book. I lived in Miami for 17 years and I truly miss the food. These guys have the awesome recipies (even for Arepas that are sold at all the street fairs!!!) that I have been missing, and the do it with humor. It's nice to be smiling while I am cooking. There is such a great feel to this book. I highly recommend it for everyone, especially if you love garlic, and especially if you are homesick for some Miami soul food.

Have been following these guys for years, These are the best recipes of all my Cuban cookbooks. They're really the only ones I use these days. The repartee is the topping on the Tres LechesÃ Â Â^Â

I would recommend this cookbook to anyone wanting to learn how to cook Cuban food and also learn a few things about Cuban culture. It's an excellent and well made book. The information is fascinating and the materials the book is made of are exceptional. I know this book will last a long time and I will enjoy the recipes for a long time to come.

A lot of great recipes, nice illustrations and can be used as a decorative piece in the kitchen as well.

Authentic and delicious! I had prepared a dish of, Masitas de Puerco Fritas, from the book to serve my in-laws for Sunday supper when my son told me he needed to bring a classic Cuban dish to his Spanish class that Monday morning. I already had the pork marinating in the fridge and decided to take the in-laws out instead and redirect my carnitas to school. His class was at 7:30 am and I wasn't sure if this would work well for breakfast. Happy to report his class had seconds and even a couple of third helpings. A+

Very happy with the book

Living in Miami for most of my life, I took for granted all of the availability of authentic Cuban food. Having relocated to Central Florida, we miss "real" Cuban food, and can now make our own, as the authors suggest. The photography is lovely, the side antidotes are a delight to read and now we can

satisfy our craving for cafe' con leche, lol! This book will make a wonderful gift for our kids in Colorado, who also miss Cuban cooking.

I have been looking to further my culinary skills to include my Cuban heritage! Thank you so much for this. The recipe for Cuban coffee was just amazing. I can't wait try every single inr
