The Animated Film Collectors Guide: Worldwide Sources For Cartoons On Videotape And Laserdisc

Synopsis

In the age of video, nearly every film ever made is available on video somewhere. The only problem is finding it. This guide lists, both title and producer, nearly 3000 animated films, the sources of their video copies, with the sources' telephone, fax numbers, postal address, and e-mail. Included are many hard-to-find films. This is the only source of information you will need to track it down. An added bonus is a listing of more than 200 films that have won major prizes at animation festivals and/or placed on animation polls.
