This book is excellent value for the coastal walker. It is very informative loaded with useful information that you wouldn't find out otherwise unless you were actually already on the path itself. eg we know exactly how steep parts of the path are and how difficult they will be to traverse in places this gives us the opportunity to look for alternatives or even the option to avoid. We also know exactly where to get our refreshments from in the towns and where to find the places we will be staying at!

This book is just what I hoped for. I bought it because I have lived in Barnstaple, North Devon for the last twenty years and I want it for the memories of my life there with my husband. North Devon is a beautiful place to live, and a lovely and very friendly place to visit for one's summer holidays. I recommend North Devon and this book to all who love England.

small, but contains all essential information
