Customer Reviews

I love this set of booklets by Bill Heubsch. He is a bright and dedicated man who talks the talk as well as walking the walk. These make the Vatican II documents so much more digestible! They are great for a group study as well as for individual study. I was missing this one of four booklets (I lent it out) and am so happy to have found it.

I was kind of surprised that the price of this booklet was so high, but I needed it for a course and purchased it. Though it was listed as "new" it was far from new -- it was yellow and not what I expected. I was able to return it to the seller. But more amazing was the fact that I was charged a "re-stocking" fee. A pretty ridiculous and unfair practice.
