## Customer Reviews

I downloaded the kindle version to my iPad and had instant easy access to much of the Medico-legal topics that I wasn't able to completely study during the FNP program. Buppert covers essential info that will help empower new NPs to negotiate and confidently transition into the new role.

the book skips from page 22 to 48. stop producing incomplete materials. not good for writing papers. waste of money.

BEST EASY TO READ LEGAL PRACTICE GUIDE FOR NURSE PRACTITIONERS. I enjoyed reading this book. It includes all of the legal and practice guidelines for each state.

Some scratches on cover, not as advertised.

I think the content of this book will be great but the binding fell partially apart the first time I opened it. Will be looking into a replacement.

Great book, easy to understand contains great information.

This is actually one book I have read cover to cover. A MUST HAVE for NP's.

Carolyn never disappoints. Comprehensive overview of most common issues in advanced practice.
