Customer Reviews

Massive book with a massive amount of information. Not sure how much it benefits your average wine drinker. 11,500 wines and 2,100 wineries listed and rated. However, there is no coverage of widely available wines sold in the US- Torres, Campo Viejo etc. Also question the rating system. The lowest rating I found (rare) is 79 points- top of the average rating. I like Spanish wines, and many are great values, but there are more average wines than this book shows.

perfect thank you
