As pastor, I conduct a grief support group every Tuesday evening. "The Mourning Song" is the best book on the 5 stages of grief that I've found. Therefore I've given copy of this book to over 200 people. Thank you for making it available.

Excellent!

A MUST READ for anyone who has lost someone, grieved with someone who has lost someone, and any one who visits the bereaved. ABSOLUTELY a MUST for anyone who works with the

bereaved - doctors, nurses, counselors, pastors etc. A wonderful book!

It was very difficult to get into this. I've been a widow for five months and have read quite a few books. The recommendations for this were very positive but I found it to be disjointed and plodding. Put it down after the first chapter and haven't picked it up again.

Great gift for a grieving friend. It helps them through the mourning process. I received it as a gift when my dad died many years ago. I reread it after my mom's death.

My sister-in-law lost her daughter, my niece, to cancer at an early age. This book was such a comfort to her, she was looking for extra copies to share with others who are grieving.

I found this book very inspiring and helpful when my Mother died so I especially enjoy sending this book to others whom I feel will enjoy and be uplifted by reading it.

So happy to get this wonderful book
