Dr. El Chaar was my surgeon. He is fantastic. The book is for people considering surgery and for

people who have had the surgery. It is a easy read and not full of medical terms. He is a great man that really cares about his patients. He has done thousands of surgeries and remembers every patient. A must read if you have struggled with your weight for a long time. I am happy that he wrote this book, it will help me in the future.

Dr. El Chaar was my surgeon for my sleeve surgery in December of 2016. I have lost 72 pounds so far. He is a great doctor/surgeon and gives you the tool you need to succeed. I am off almost all my meds and no longer need to take insulin for my diabetes. If you are committed to reaching your goal, Dr. El Chaar and his staff can help you make it happen. Thank you so much Dr. El Chaar!
