Customer Reviews

This guide was terrific for our two week trip (end of May first week of June 2017) to Beijing. Not a great fan of how Lonely Planet guides divide up the city (cities) which does require the user to get real familiar real fast with the book. We did use two apps in addition to this guide (one for planning subway routes and one to replace our cell phone maps/GPS). While me and my travel companions might disagree with some of the recommendations for some of the sites, we took turns consulting the guide for "what to do tomorrow".

Good Book. Was able to plan an 8 day trip to Beijing using this guide.
