I ordered the book + CD and only the book came. I've 2 weeks to study for this test and they did this to me :/

PLEASE HELP!! I bought this product (Set of 8 CDs), but I need the correct edition of the test book (The written one) the code that I have is: ISBN-10: 0521755859 Thanks...

Amazing book and CD-ROM. The practice tests are just like the actual TOEFL iBT. To take full advantage of it you'd need the audio CD, but it's not really necessary.

Two stars just for the book in good condition but the whole point of the purchase was to have the CD-ROM in order to prepare efficiently for the test. We were extremely disappointed when there was no CD-ROM in the shipment that we got. It is not what we were anticipating to purchase. There are other vendors on who would DEFINITELY send the CD-ROM.

CD-ROM doesn't work under Lion mac OS (only works under older versions of mac OS), so I can't use it in my Macbook pro. This information is not available in the website. I feel as if I wasted half of the money spent.

I liked it, but liked the other brands better, for their comprehensiveness on support exercises.

missing pages. wasted time and need to buy it again for class. fml

I have been teaching test preparation for the TOEFL forever. I have used paper-based, computer-based and now Internet-based. All using Cambridge. I feel it is the best ever. The CD has 7 complete practice tests ... more than any other TOEFL iBT prep book.
