it was a gift

I'm an elementary school librarian and all of the Big Nate series books are a hit. I can't seem to keep them on the shelves. I just added two new ones to my collection today (this being one of them). As soon as I put them out, they got checked out. Recommended for children ages 7-12

My son is in 3rd grade. He is a good reader, and while this was an easy read for him, he absolutely loved it! He has loved all of the Big Nate books he has read!

I like this book because it almost has no repeats from the other books. It had a pretty good amount of pages and had interesting comics. Picking my rating was easy. Get this book!

My son loves these books. Good price and quick delivery.

My grandson is a 'reluctant reader' and Big Nate books are one of the few series that he enjoys reading. I always make sure that he has them and he always enjoys them. Thanks for such an enjoyable series.

My daughter loves all the big Nate books
