Brick Animals: 40 Clever & Creative Ideas To Make From Classic LEGO® (Brick Builds)

Synopsis

LEGO builders, rejoice! The celebrated author of Brick City, Brick Wonders, Brick Flicks, Brick History and Brick Vehicles is back with this new title that offers 40 original, ingenious, and unique buildable projects to make from LEGO pieces. In Brick Animals, anyone with a drawer full of LEGO bricks will be able to build and customize cute animal models, including a cute cat, wild swan, big polar bear, friendly monkey, and more. Based on the brick selection found in some of LEGO's Classic series, each project is a great way to test out unusual building techniques or to mix up pieces from existing kits that have already been broken up. Free your inner architect with these fun projects that really get your creative juices flowing. You can follow the instructions to the letter or go off in your own direction—it's your choice! Many of the designs in these books use fewer than 100 bricks, so you don't need a lot of bricks to get started. Discover loads fun projects showcasing advanced techniques that are perfect for every LEGO enthusiast.

My 4 year old loves this book! It's a fun book for him to just look at the pictures, and it's also a great book to give you ideas to make some fun little Lego animals. Sure, you might not have all the exact pieces that the instructions call for, but the instructions will help steer you in the right direction to come up with some creative stuff. I would highly recommend this book for you if your kids are into Legos.

great book - kids are lovin' it.

Fun book

Was a Christmas gift, child loved it.

kid in art class loved this

Arrived as expected in great condition. My son is very excited to begin building new animal creations.

Good descriptions of creatures. Hard to make a few due to not having the right size pieces

My son loves the ideas and blurbs in this hands-on directions book!
