# I Adulted!: Stickers For Grown-Ups

## Synopsis

A fun, funny, yet practical gift book containing 100 removable stickers that congratulate supposed grown-ups on a job well done | or at least a job done. Despite official reports, members of Generation X and younger feel completely and totally ill-prepared to deal with anything. They still, as purportedly self-sufficient adults, look toward Baby Boomers and the Greatest Generation and think, How did they do that? So the easiest and best way to find comfort is to look not ahead at uncertainty (or, heaven forbid, around at the chaos currently surrounding them), but to the past to their simpler childhoods. The generation who championed the coloring book-as-relaxation trend grew up in a world in which they spent hours obsessing over, trading, and decorating with stickers. And it is with brightly colored stickers that they will finally find peace of mind. For a little while, at least. Filled with 100 full-color removable stickers that can be used to decorate journals, notebooks, or your lapel to proudly and publicly proclaim life's little victories, *I Adulted!* is the ideal nostalgic and practical book for anyone who feels a sense of accomplishment by making it through a day without calling their mother for help.

## Customer Reviews

"Who says stickers are just for kids? This playful collection of 100 badges celebrates the small victories of adult life." —In Style

Robb Pearlman is the author of many pop-culture and children's books. He is an associate publisher at Rizzoli.

I love the idea but the stickers are huge! Much larger than on the cover. After looking back, nowhere does it say the stickers are larger than pictured. Bummer.

Bought for a friend that is struggling with adulthood. He thought it was hysterical. I hope this brightens up his gloomy days. Great idea! I know some "adults" in their 40's that would still need an attaboy sticker!

These are hilarious, but I wish they were smaller. I probably should've read more closely because I thought they were the size on the cover.

I wish there was more variety. I would gladly take only 1 of each sticker to get more. Other than that, the stickers are high quality.

Such a great book! The stickers (as well as the introductory commentary) are so witty and spot-on! I love that it also has a few pages of blank stickers so you can create your own I Adulted! sticker. This would make a great gift for anyone who understands the struggle to adult is real.

Great for work.

I get compliments on these all the time. It's nice to celebrate the little things.

I may buy another book of these. I got them as a gift for my graduating student assistants so they can reward themselves for their post-graduation accomplishments when I'm not there to anymore!
