Crazy House

Synopsis

There were no charges. There was no trial. There will be no escape. Seventeen-year-old Becca Greenfield was snatched from her small hometown. She was thrown into a maximum-security prison and put on Death Row with other kids her age. Until her execution, Becca's told to fit in and shut her mouth... but Becca's never been very good at either. Her sister Cassie was always the perfect twin. Becca's only hope is that her twin sister will find her. That perfect little priss Cassie will stop following the rules and start breaking them, before it's too late. Because her jailers made a mistake that could get them both killed: They took the wrong twin. Crazy House is a non-stop, summer blockbuster by James Patterson, the #1 bestselling author of Maximum Ride, Witch and Wizard, and Middle School, The Worst Years of My Life.

Are you missing the Dystopian genre since it seems to have faded away lately from the YA trend? James Patterson and Gabrielle Charbonnet have banded together to present teens a new YA dystopian series. *Crazy House* I first thought would be a mystery novel, a bit of a serial killer type that James Patterson is often famous for but then I noticed his co-author as she normally helps write his romance novels. In *Crazy House*, some suburbs have been cornered off, and everyone must follow the rules to survive. For twins Becca and Cassie Greenfield, they have been busy trying to keep things under control as their mum was removed years ago for a mood adjustment and their father tried to kill himself and now is in a hospice waiting to die. Becca goes joyriding one night and ends up kidnapped and transported to a place known as the "Crazy House" where the only way out is death by execution. Cassie being the good twin decides to search for her sister and save her. During her search, she will discover that her sister was part of the Outsiders which include of course the son of the leader of their dystopian society - cliched I know as the son always ends up being a rebel. Cassie will eventually land herself in the Crazy House too, but can she with Becca's and her newfound friends find a way out of the house alive? Find out in Book #1 *Crazy House* by James Patterson and Gabrielle Charbonnet. A Good start to a new Dystopian series.

Not at all what I was expecting. Not a typical James Patterson. Ending leaves you hanging which I really don't like. Does remind me some of *Hunger Games* type thriller. It was exciting in places, type of socialistic society reality even though most people don't realize. Maybe a wake up call to show just how lucky we are to be free!

When I started reading this I realized I was a "tween" book. But I'm enjoying it. Well done James! There are more to come. Looking forward to them. Very suspenseful! Anyone of all ages will enjoy this series.

It was okay. It was hard to follow. I felt like I had read parts before, but then I got to the end & it was completely different. At the end it was a surprise. Which is why I gave it an okay.

This is a book for young adults not adult readers. I wish that the pre-release blurbs would mention what audience a book like this is geared to so I don't waste my time and money.

Disappointed. At the end I felt like the ideas in the book were just thrown together. I guess that goes with the title. It was not a page turner for me. I've read a lot of James Patterson and feel like this was a let down.

I ran quickly through this book. Found it fast paced and it kept my attention. Many books don't do that, but this one did. It's hard to go wrong when it's Patterson.

Mr. Patterson always puts out interesting reads. This, for me, was not his best effort. Just did not seem to flow as well as normal. Still enjoyed it though.
