Mideast Beast: The Scriptural Case For An Islamic Antichrist

Synopsis

"I am firmly convinced that Islam is the single greatest challenge the Church will face before the return of Jesus, yet most are still either asleep or in denial." — Mideast Beast completes and establishes the revolutionary argument introduced in Joel Richardson's New York Times Bestselling Islamic Antichrist, namely that the Antichrist will be a Muslim, whose empire will arise out of the Middle East. — Whereas most students of the Bible have long held that some form of humanism or universalist religion would catapult the Antichrist to world power, Mideast Beast: The Scriptural Case for an Islamic Antichrist systematically proves from that the long awaited system of the Antichrist is even now before us and knocking at our door. — Through a highly scholarly, theologically grounded, yet simple presentation, Richardson thoroughly corrects the objections of critics, establishing beyond a doubt, the Biblical case for an Islamic Antichrist. — With large segments of the Christian missionary movement embracing a heretical method of outreach to Muslims known as "Chrislam" or "The Insider Movement", Mideast Beast cuts to the core of the matter, revealing the true nature and origins of Islam. — After finishing Richardson's work, you too will be convinced concerning the challenge of Islam to the Church. — Some topics covered and questions answered: — --What about Psalm 83 & Isaiah 17? — --Is Gog of Magog from Russia, or somewhere else? — --What role does the nation of Turkey play? — --Answers to critics. — --What other scholars and commentators support this view? — --Will Antichrist really claim to be YHVH God Almighty? — --Why the Antichrist will not be a humanist. — --What's comes next in the Middle East? — --What the Church must do now.

Customer Reviews

"Earth Shattering. A must read." -Kade Hawkins, Prophecy News Watch "This book is refreshingly crisp--a must read for serious Christians and anyone who desires to understand the challenges facing us on our increasingly turbulent horizon." -Chuck Missler, Internationally Recognized Speaker and Prophecy Expert "A most engaging book... There is much to commend the argument for a final Islamic Empire rather than a Western or Roman Empire in the Day of the Lord." -Walter C. Kaiser Jr. President Emeritus Gordon-Conwell Theological Seminary "Pours brand new wine into some ancient wine skins, all with rational and easily available biblical underpinning." -Charlie Daniels, American musical legend "Prophecy teachers would do well to ask if Joel is not giving us a new way to look at the prophecies of the last days. There is a wealth of evidence and of coherent fit that should cause us all to re-think. It is a credible view..." --Dan Juster, Founding President, Union Messianic Jewish Congregations, Director of Tikkun International "Earth Shattering. Joel Richardson is the author of several books including The New York Times bestselling Islamic Antichrist: The Shocking Truth About the Real Nature of the Beast. He is an internationally recognized expert on Biblical prophecy, the Middle East, and Islam, and is a human rights activist and a commentator for WND.

Flying in the face of many of the more popular end-times commentaries, this book presents a position worthy of prayer, research, and consideration. I've personally been teaching scripture for decades. This book has challenged me to more clearly adjust my viewpoints. Thank you Joel Richardson. I see no conflict between what this book puts forth, and the biblical message. To the contrary, this book, because I believe it to be truthful, actually presents a clearer revelation of both judgment and equity as well as hope and evangelism motivation. Truth is a motivator to intimacy with God. It is not about hunkering down and bracing oneself, nor is it about designing some snow-globe light-handed eschatology that takes the teeth out of the scriptures and sets the saints

up for eventual panic and disappointment, as the Lord does what He lovingly tells us, over and over again, that He plans to do. Bravo Joel Richardson. Read this with your bible, your heart, and your mind open. Lay your doctrines on the altar. Allow the Lord to use this clear and well-written teaching to confirm, deny, or adjust that which you now believe. Does your current doctrine withstand the challenge of all scripture? It needs to.

The church has been convinced the antiChrist will be from Brussels (Home of the UN), and the Nation from the North will be Russia. If you read the Old Testament, this makes little sense, and totally muddies any clear understanding of things the antiChrist will do. If You realize Islam is the religion of the antiChrist, his actions and those of his cohorts suddenly become clear. Who else slaughters and beheads people with such gusto? Read this book and understand.

Best prophecy book I have read in a very long time. I plan on rereading it soon because I'm sure I missed somethings, as fast as I was reading. It was that mesmerizing. I think Joel may have wisdom that we need to listen to. I highly recommend you at least read this book and judge for yourself. Even if you don't agree with his conclusions and scripture interpretations, it can't hurt to get into the Bible to read the Word, right?

Joel Richardson has done a beautiful job in defending the belief that all of the end times prophecy written of in the bible is done in the geographical context of the Middle East. However, the book is not limited only to this topic, but he addresses topics such as how the battle of Gog from Magog, the battle of Armageddon, and (if it really is the portend to a battle) Psalm 83 are all in fact, the same battle that will take place against Israel. The book is laid out so well that you will not only enjoy reading it, but will easily find it can be used as a reference. Joel is meticulous with his references and, where there are disagreements from others, he clearly states their position and then dissects it to show you their errors. Not once did I see him erect a "straw man" argument - only to tear it to pieces. I first heard about this book watching a YouTube video of an interview of Joel on Sid Roth's show. I hope he publishes another book soon, or at least, posts more videos of his lectures / talks on YT. This was such a good book that I plan to scour it in a second reading.

A different perspective from what I have been taught, and this view actually makes better sense in lining up with the Bible. Previously there were too many wholes in the interpretation of Revelation and end times. Feel that this book clearly laid out Scripture, to support his view. After witnessing

such a fast rise in Islam , I too, thought that it would have more of a role in end times. I especially liked his view on how to pray for Muslims. Taking it back to the birth and life of Ishmael shed a lot of light on why they r so bitter and act out in fear so much. Makes it easier to c them thru the lenses of God rather than just their outward demonic actions.

Great book, downloaded it on Kindell and for only \$1.99 extra, I downloaded the audio book. I would recommend this book to every Christian and non-Christian alike, anyone who follows the news and what is going on in the world as well as Biblical Prophecy. Joel Richardson has been interviewed on many of the Major Christian Broadcast Shows with high reviews and great interest in his God given revelations on End Time events. He truly sees that Daniel's vision was sealed and concealed until the End Times (now), and we need to go back and re-study all of our preconceived theologies of Eschatology. Many of the well known Eschatology Theologians could only make their best guesses on what was to come until now. But they refuse to go back and look at everything anew as God is opening up Prophecy of the End Times. I highly recommend this book. Mac

It's a scary realization when I find that some of my Christian beliefs are not based on a Biblical viewpoint but instead on a cultural one. Joel Richardson has humbly exposed this widely accepted viewpoint as a lazy approach to understanding difficult passages and has challenged me to simply search the scriptures and take them at face value. Mideast Beast is an excellent argument that challenges the popular cultural view of the end times using the whole Scripture rather than isolated verses and texts. In the end, we are all left together -proclaiming, "Come Lord Jesus! Come."

Having read many other of the popular prophecy books, I have to say this one by far absolutely blows them all out of the water. I remember reading about the Roman/European antichrist model and I always had these reservations when reading the Bible. It would be "Yea that kinda makes sense but what about this passage here?" Almost every single question that model raised was answered satisfactorily by this book. If I have one book to recommend for an in depth scriptural analysis of the end times this is it by a landslide!
