Mark Skinner --This text refers to an out of print or unavailable edition of this title.

Beautiful Photography of a great city! Shows off the best of Cape Town and makes you want to visit this diverse city that covers the ocean and beaches, Table mountain and its national parks, the waterfront, Robben Island, and the wine country A great keepsake and souvenir! Truly a fantastic city.

Quick and easy read. Not a lot of story. Cool images.

If you are truly interested in seeing some of the beautiful SCENIC places in Cape Town this is the book for you. To the person who reviewed this book from Beverly Hills. The title has SCENIC in it for a reason. We all know about the townships and horrible places. Do you expect every SCENIC book about California to mention the dreadful housing conditions, gangs wars, constant murders that take place in California. Would this attract tourists and money to your region - I doubt it very much. If you are going to write a book review, for goodness sake make it sensible.
