Walt Disney World Dining Guide 2018

Synopsis

All You Care to Read In this full-course book about dining at Walt Disney World, you'll learn how to master the Disney Dining Plan and get a taste of what's on the plate at Disney World's never-ending variety of food venues, from snack stands and quick service to signature restaurants and dinner shows. Eating stress-free at Walt Disney World requires planning—just as much planning as it took to get you to the park in the first place. The victuals in the most magical place on earth are vast and varied; it's easy to feel overwhelmed, and to just settle for wherever you can find a table. You can do better! Theme park veteran (and former Disneyland VIP Tour Guide) Andrea Keech breaks down your dining options into short, digestible chapters, with extensive coverage of the often confusing Disney Dining Plan. In addition, she shares proven tips and methods for getting the Advanced Dining Reservations you can't do without, how to eat where you want even if you don't have a reservation, and why Disney never holds a table in your name, even if you do have a reservation. Sure, you've come for the mouse, but it's the meals you'll remember. All the ingredients for the very best dining experiences at Walt Disney World are right here at your fingertips.

Very useful. Will test the tips out this week.

Really helpful information and great tips for making dining plans for a Disney World trip. I would highly recommend reading this well in advance of a trip.

This book is wonderful. With all the new restaurants in Disney Springs, it is hard to know where to eat. It gives details of all the restaurants. I will use this book in planning my next trip to Disney!

This was so concise and useful. Thank you!

A great book if you want to eat during your stay at WDW!
