New book and in great shape when it arrived. Was exactly what was needed for the course that my nephew needed to take.

Not what it was supposed to be. Returned. And I don't have to do a certain number of words. Power and control

This is a good curriculum for a DUI specific course. There is a lot of information that is outdated, but it is easy enough to update and if it doesn't pertain, then it is easy also to leave out of services. Great resource and informational on DUI programs.

Am using it as a resource with a court-ordered client; some good material.
