Customer Reviews

Gr 6-9-This attractive, well-researched series is written in sophisticated language, with the more difficult vocabulary and musical terms defined within the text. Information about the subjects' childhoods and preparation for their musical careers is included, as are the positive and negative aspects of their adult lives. Their contributions to the world of jazz are thoroughly explored. Sidebars in every volume expand the main texts, and quotes from other biographers add authenticity. Well-captioned color and black-and-white photos are cleanly reproduced, and the layout of text, photos, captions, and sidebars is bright and pleasing. © Copyright 2011.
