## Customer Reviews

Harper Paris loves to travel. Her favorite cities in the world are Paris (like her name!) and New York City. She has collected many souvenirs on her travels, including a good-luck coin from Japan and a reindeer-horn pendant from Sweden. She also loves mysteries. When she was a kid, she read

Hardy Boys and Nancy Drew books after bedtime with a flashlight. She now lives with her family (including two cats and a bunny, who are not good travelers) in Ithaca, New York. Marcos Calo has worked as a professional artist for more than fourteen years. He has worked in different fields including illustration, animation, and comic books. He lives with his wife and daughter in A Coruña, a small Spanish town by the seaside.

got for my son to practice his reading. he has just only read book 1. so far so good

My twins are in first grade and love this series. They need help with some of the words but overall can read most of it in their own and really enjoy the stories. Really gives them a sense of accomplishment to be able to read a chapter book.

My son loves these books. They really provide a great insight into each of the international destinations. The adventures makes it exciting to keep reading!

I bought them to help my kids learn more English. The series was a success. The plot was well received by the 11yo.

Great read for kids and adults and some pets...not hamsters

My son's favorite book series!

My granddaughter loved these books.

I am a teacher, and love the mystery and especially the travel behind these. To me, they present an opportunity to introduce kids to places around the world. I read the series (we're waiting on the last book) to my daughter (8) and son (6) both were extremely engaged and loved them. The tie in to real places brought up a lot of discussions of places around the world. We even went so far as to try some food from those countries on occasion. You can even show the kids where the places are on the map. I think it's great to show kids that the world is larger than what they see and to give them a thirst for travel! 5 BIG stars from this teacher mom. Now off to order the set to put in my class for next year! Can't wait to share these with my students.
