Customer Reviews

Guardian (Classified K-9 Unit) by Terri Reed - This is the first book which I have read by Terri Reed. I selected it because it is about an FBI unit with K-9 support. I loved this book! I have, now, read all five books in this series (one to come out in middle of September will be the sixth). I have thoroughly enjoyed each one. Each book is a stand alone book written by different authors. While you do not

have to buy all 5 books to get the story, They, each, compliment each other. A different dog is introduced in each book as well as its handler & their story. This series is very well done, in my opinion. If you love stories with dogs, I believe you will love this series. Each story has lots of action and suspense with, of course, romance. I hope they will continue the K-9 romance/suspense series as the formula works well.

I needed a book I couldn't lay down, this book for the bill perfectly. It also had a totally different type of storyline and scenery, which I loved.
