Key Maths 9/3 Pupils' Book- Revised

Synopsis

This work is fully in-line with the new Framework for Teaching Mathematics. Spiral coverage of the curriculum enables students to revise and consolidate key concepts. Every chapter contains questions in the style of National Tests. Three Ma1 tasks in every students book have detailed marking guidance in the teacher file to support key assessment at the end of the key stage. The last resource contains a series of 'summary activities' for new or previously absent teachers or pupils covering all chapters. Invaluable additions such as Question Banks and ICT CD-ROMs provide even further support.

Book Information
