Stephen King, the world's bestselling novelist, was educated at the University of Maine at Orono. He lives with his wife, the novelist Tabitha King, and their children in Bangor, Maine.

A well-known story even among those who are not King fans, *CHRISTINE* follows the progression of local nerd Arnie Cunningham's all-consuming love for a run-down 1958 Plymouth Fury. King has a knack for stretching out a story to achieve the highest level of tension, and Holter Graham's narration certainly grips the listener to the grisly end. He firmly establishes the main players and individualizes even minor characters, truly bringing the novel to life. Graham's vocal dexterity makes for, quite possibly, the ultimate audio experience. However, this is no brief listen--it's the book to listen to on an epic journey or perhaps spread over a few dark winter evenings to add to the story's atmosphere. B.D.J. A red 1958 Plymouth Fury with a feminine disposition and a deep capacity for hatred. Does a demon inhabit the vehicle or is the machine itself inherently evil? We may wonder about this as the story unfolds but we're quickly distracted by the interplay between high school friends Dennis and

Arnie. Dennis is the popular jock and Arnie is classic bully-fodder with an over-bearing mother and an unassertive father. But they've been friends since they were children and we come to their story just as that friendship is ready to be tested. Christine is a pitiful sight when Arnie first spots her while driving by her owner's home with Dennis. Rusty, dusty, and dilapidated, she sprawls on a side yard. The story of her resurrection to the full glory of a bright red classic 1958 Fury and the ultimate manifestation of her evil presence in the lives of those around her make up the backbone of the story. Murder and mayhem ensue as Christine asserts her malevolent sentience. I highly recommend the audio format for the same reason that Stephen King says he does. Listening to someone else read the words as the author wrote them keeps one from skipping paragraphs or chapters. It keeps the author's voice intact.

this is one of kings best works / great plot great story / unabridged is a must / listen to it again and again and catch something new every time

Christine the car that wouldnt die? What's better than a scary Stephen King book? A Stephen King book on CD!

A vivid presentation is King's *CHRISTINE*, brought to vivid life by award-winning audio narrator Holter Graham. Christine is widely feared and mistrusted - but beloved by teen Arnie. Christine isn't a woman - she's a hot car. King provides even a vehicle can provoke terror under the right circumstances - and this masterful audio brings out the tension superbly!

Reader Holter Graham delivers a truly great performance of King's rich and complex tale . On a scale of 1 to ten , this is a 20 !
