Itâ€™s about creating memories, sharing laughs, and honoring the occasions in life that make everything worthwhile.â€™ •

This book has gorgeous photography and some practical advice for throwing all sorts of types of parties. A lot of this book is not super practical for people living on a more modest budget. But the photographs are beautiful and it's always fun to wish.

As someone who owns all of Lauren's books, I would have to say this one is my favorite. The detail Lauren put into this book is amazing. This will definitely be a book I will turn to for years to come.

Lauren's book is so pretty and very detailed and informative. For anyone who is looking to enhance their party planning skills or maybe someone who is an absolute beginner, *Celebrate* is so helpful! It's organized with pretty photos for inspiration and thoughtful stories behind each section of the book. Overall a great read and the perfect book to have on hand for any party, holiday gathering or birthday!

This book is very cute, and filled with cute ideas for every sort of occasion, but the reason I didn't give 5 stars is that in order to pull off any of her party ideas, you'll end up spending a pretty penny on decor. She does talk about setting and keeping a budget in the beginning of the book, but c'mon,

if you can't pull off all her details you may be left feeling like your party is a bit lackluster in comparison. For general themes, and cute outfit ideas, this book was nice.

Overall I thought it was a wonderful book! At the beginning, there is more of a how-to and guidelines which was super helpful. The rest of the book is more of examples of parties that she has thrown. I wish there was more of a how-to theme throughout the entire book. It is still a great book, but you aren't going to develop into an event planner after reading. You can look at it as a reference with examples and a few tips here and there.

Not as organized or reader friendly about throwing parties. Its mostly, "Look at the parties I had."

This book is everything you need to know to host any type of function or party. From invitations, floral arrangements and bar necessities, all the details are in here! It's informative, aesthetically pleasing and has a permanent spot on my coffee table.

I thought there might be a few more recipes in there.
