Customer Reviews

Wanderlust Travel Awards 2009 â€“ 2014 "Knownâ€ for its four-color maps, photos and illustrations, the [DK] Eyewitness Guides are extremely user-friendly for travelers who want their information delivered in a concise, visual way." â€“ Chicago Tribune "The best optionâ€ Color photos, maps, and diagrams bring the place to life." â€“ The Philadelphia Inquirer

Great guide if you want to learn the history of the area and I definitely loved reading it, but is not very practical when it comes to the planning aspects and it is too big and heavy to take along for the trip.

Having traveled to Sicily, and researching more than 7 different travel guides, DK is far and away the best one. My second choice would be the National Geographic guide of Sicily, which I own, but it is clearly second to DK. The color and detailed diagrams of buildings are simply beautiful. There is

so much info packed into each page, yet the information is well presented.

I have several Eyewitness Travel Guides. This guide has useful Tourist sections, wonderful photos and divides the island into sections for easy reference.

We've used these Eyewitness Travel books before and love them. They are great if you prefer a lot of pictures and illustrations instead of pages and pages of raw text.

PERFECT book for anyone going to Sicily. This line of travel books are the best wherever you may go.

This book is the right size for taking it with you, and all the information you'll need for a successful visit. Lots of great photographs.
