Fatih Cimok is a renowned expert on ancient sites and arts in Turkey.

I purchased the book entitled, "Biblical Sites in Turkey," by Everett C. Blake & Anna G. Edmonds, because we will be traveling there soon. I purchased it in the "used" category at a great price and expected it to show some wear. However, it is brand new and it came within two weeks. It is a nice size for travel. The kind of information I wanted was nicely covered in Chapter IX: The Seven Churches of Revelation. So far, I have been very happy with all the books and recordings I've purchased through . Keep up the good work, !

I was looking for information about the sites in Turkey that related to the Bible as we are planning to visit that country soon. This book does a very good job of giving history and current status of these sites. There are some pictures, but it is the copy that is the reason for buying this book. It is written for the lay person which is what I wanted. It will be a book we'll take with us on our trip so we can review sites prior to visiting and be able to appreciate historical background but also know what to expect to see in the 21st century.

Having visited Turkey recently, this book was recommended by the tour guide and it has been a

great reference for me. Christians visiting the country should read it before and during their trip. The Moslems do believe in the existence of the apostles and the Virgin Mary because their paths can be traced in Turkey.

This was just what I was looking for!

This great book gives you valuable insight on very early christianity and the church, as it was happening in Turkey. How fascinating!
