Customer Reviews

I needed this textbook for my History class, and am very happy with it so far. The chapters are well organized and are not difficult to comprehend as some History Textbooks are. There are many great aspects to this history book such as review questions and vocabulary words. It is great for learning about the key people and events that helped shape America to the way it is today.

Excellent condition . Prentice hall literature is the most comprehensive and both teacher and student friendly.

It's a textbook. What's not to love? Ha Ha.

Book was in great shape.

Just as described, thanks.

Fast shipping. No issues.

Multiple pages were torn out throughout the chapters...this book is useless!

Interessantes Buch!
