# Is This The End? (with Bonus Content): Signs Of God's Providence In A Disturbing New World

## Synopsis

This eBook includes the full text of the book plus an additional chapter on Europe from Dr. Jeremiah's book *What in the World Is Going On?* that is not found in the print book! The world seems more fractured each day. People are asking, "Is this the End?" Never have the headlines been this jarring, the cultural changes this rapid, or the moral decay this pronounced. What on earth is happening? After each new occurrence, the most oft-heard questions are, "Will the world ever be the same again?" and "Where is God in all of this?" Over the last few decades, Dr. David Jeremiah has become one of the world's most sought-after Christian leaders on topics that deal with biblical application and modern culture. And few would dispute that the pace at which things are currently changing is unprecedented. The time has come to accept this new normal, Jeremiah says, and understand how God's hand is still at work on His eternal plan for mankind. No one can afford to ignore these warnings, but all can better understand the greater story and the role we each play in this changing world. From prophetic clues in Scripture to an understanding of the power of Christ in all believers, this book directs us on a clear path forward. The book is split into two sections, each covering items surrounding two important questions: *Is This the End of America?* and *Is This the End of the World?* Includes detailed chapters on: • Terrorism • ISIS and Radicalized Islam • The New Russia • The Bleeding of America's Borders • The "Anything Goes" Society • Polarization and Divisiveness • The Coming of Christ and many more

## Customer Reviews

This is the first time I have read a book of David Jeremiah. I think I have seen him preach on Television at my parent's place when I was on holidays one Sunday morning. This is a very well researched book, that is easy to read, and not too complicated to follow. It is not dry or overly theological like some books tend to be and I have found what I have read so far to be very engaging and the book is a real page turner. I love the subject of Revelations and I find that many of the people who write a lot of them have really differing ideas and a lot of opinion. It is refreshing to see an author do a lot of research and find an amazing amount of quotes to back up what he is saying, yet at the same time be engaging and not dry. I find that at 20% of a book read, that I have already decided whether to shelve a book, or to continue reading in a second session and this will be a book that I read right to its end. As a writer myself, I am so impressed with the simplicity of the authors writing, and the subjects that he covers extensively, and yet dare I say it again in an engaging way that is not dry at all. The way he opens each topic up and uses stories, Bible verses and quotes to back up everything he says is the skill of a master communicator. I recommend this book to you.

Matthew Robert Payne  
Author of *Optimistic Visions of Revelation: The End Times Church*, *Signs of the Times*, *The Two Witnesses*, and the *144,000* and 18 other Christian books on

Even the statistics are shocking. The book explains a lot about who and what we have become!

This book took an insightful look at what is going on in our world today. Dr. Jeremiah explains in detail our current situation in our Nation. He explains what is coming in the future and the great assurance we have as believers that God is most gracious and merciful to those who believe. If you don't know Christ as your Lord I still recommend the book there's a chapter in the book that speaks to you as well.

Just started reading the book. Can't put it down.

Great book. Very helpful in understanding our current culture worldwide in these times.

I'm about halfway thru this book and in my opinion, it is definitely worth the read!

People who don't know God and his word need to wake up. America is in moral and spiritual trouble.

This book was one of the best I have ever read. Extremely informative, enlightening and prophetic. Dr. David Jeremiah has it so right in depth of his study is phenomenal. A must-read! And an additional study guide for your library.
